

How to complete the KidSport™ application form:

1. Applicant/ Client completes Step 1 and Step 2 of the form.
2. Applicant/Client takes the KidSport application to the sport organization/club for which the child is registering (i.e. swimming, hockey, baseball, etc). The sport organization/club completes Step 3; and in so doing verifies that the child has registered for that sport and confirms the fees. Sport activities must be affiliated with organizations recognized by Sport Manitoba.
3. Applicant/Client completes the second page of the form and ensures ALL supporting documents are included with the application (e.g. Canada Customs and Revenue Agency Notice of Assessment).
4. Applicant/Client sends the form and supporting documents to the appropriate Sport Manitoba Regional Office. Applicants must apply in the region that they reside. For example, if the applicant lives in La Salle but is playing football in Winnipeg, the applicant would apply to the Central Region office.

Application Deadlines:

April 30th for spring/summer activities (i.e. swimming, football, baseball, etc)

October 15th for fall/winter activities (i.e. soccer, hockey, figure skating, gymnastics, etc)

For sessions starting between deadlines please apply at the earlier deadline. For example, if one session of your sport is Oct to Dec, and the second is Jan to March, apply for both in October.

If a sport has not held their registration prior to the KidSport™ deadline, please contact the sport organization/club to arrange for pre-registration.

Funding is limited and based on donations received. Late and/or incomplete applications will not be accepted.
